

BOOKMINDERS LAUNCHES LICENSING PROGRAM

Posted on September 16, 2011

Over the past 20 years, Bookminders has created standard processes, pricing structures, marketing strategies and, most significantly, an employment model attractive to accounting professionals seeking work/life balance.

Our business has drawn interest from accountants across the country. So over the past year, we developed a licensing program to allow other accountants to build similar outsourced bookkeeping operations.

We officially launched this program with an initial group of licensees who are starting or expanding practices in Orange County CA, Denver CO, Omaha NB, Detroit MI and Erie PA.

Please contact us if you know of friends or associates in markets outside of Pittsburgh and Philadelphia that might be interested in our licensing program.

We are committed to our mission of delivering premium outsourced bookkeeping services while offering flexible employment to those in the accounting profession. For more information please contact Tom Joseph at tsjoseph@bookminders.com 877-517-2665 ext 222.
