Our Seminars

BOOKMINDERS® — 30th ANNIVERSARY

Bookminders developed a series of QuickBooks seminars designed specifically for CPAs and our clients. CPAs skilled in using QuickBooks will improve their efficiency on tax, audit and consulting engagements.

Seminars for CPAs

Seminars feature examples to demonstrate the application of QuickBooks in a variety of business applications.

Designing and Mining QuickBooks — **2 credits: Accounting & Auditing**

Learn how to use the tracking and reporting features of QuickBooks for customizing, filtering and exporting QuickBooks reports. Choose one of the following concentrations: Designs for Nonprofits, Retail and Job/Time.

Advanced QuickBooks Analysis for CPAs — **2 credits: Accounting & Auditing**

Learn how to use the advanced features of the QB reporting system with a focus on preparing financial data required for an audit.

Designing, Mining & Advanced QuickBooks — **3 credits: Accounting & Auditing**

This seminary combines the topics of Designing and Mining QuickBooks and Advanced QuickBooks Analysis for CPAs into a single program.

Seminar for Clients & Boards

Understanding Financial Statements — **30 minutes or 1 hour**

Learn how to use financial statements to monitor balances and measure performance. Seminars available for small businesses or nonprofits
