

Bookminders Enters Baltimore Area with Fourth Office Opening

FOR IMMEDIATE RELEASE – Baltimore, MD – November, 2017 – Bookminders, a premier provider of outsourced bookkeeping services, made Pikesville, MD the location of its fourth office. Client Relations Manager, Francoise Wilson, who has been with the company since 2005, is returning to her hometown and will oversee Bookminders' expansion into the Baltimore market. Founded in Pittsburgh, Bookminders is known for its commitment to work-life balance offered to 80 home-based employees who work for their nearly 400 clients.

Founder and CEO, Tom Joseph, states "The inspiration for Bookminders occurred when my college educated sisters, who were busy raising families, had difficulty

finding jobs with flexible work hours. This led to the creation of a corporate culture where work-life balance is the rule, not the exception. Bookminders success is due to our ability to attract highly skilled accountants and our cloud-based platform which provides the backbone for our network of home-based accountants."

It is precisely this combination that has garnered a host of awards for the organization. Bookminders has been recognized by the American Society of Women Accountants as the Work/Life Balance "Company of the Year", named Pennsylvania's "Home-based Business Champion" by the U.S. SBA, and was a seven-time recipient of the Pittsburgh Business Times' "100 Fastest Growing Private Companies".

Bookminders provides timely, accurate and cost-effective bookkeeping for a variety of nonprofits and small businesses in Pittsburgh, Delaware Valley, and now, Baltimore. Their unique approach affords work-life balance to a staff of degreed accountants, while providing clients access to highly skilled professionals they otherwise could not afford.
